

**La Habra Heights County Water District
Fire Hydrant Meter – Temporary Service**

1271 N. Hacienda Rd., La Habra Heights, CA 90631 Ph: 562-697-6769 Fax: 562-697-5568

Section 30 and 31

Applicants desiring to use fire hydrants for any purpose must obtain written permission from the General Manager or designee. The hydrant shall be operated in accordance with instructions issued by the General Manager. All water will be metered through a District meter.

There is a \$500.00 deposit required, to cover the cost of setting the meter and the water usage. Monthly bills will be sent to the applicant and the final bill will be applied to the deposit. All water used will be at two (2) times the regular rate.

General

The readiness-to-service charge shall be \$423.83 per month and shall be applied for a minimum 30-day period. The charge shall be prorated for periods beyond 30-days.

The District shall install a fire hydrant meter as soon as possible dependent upon availability of said meter and manpower.

There shall be a \$25.00 charge for the setting and the removal of fire hydrant meter. If said meter is relocated to other fire hydrants there shall be an additional \$25.00 charge for each relocation.

Water Usage Charge:

Upper Zone-1 \$ 4.22 per unit, Lower Zone-2 \$ 3.76 per unit / HCF

Applicant Responsibility for Fire Hydrant Use

A standard fire hydrant wrench is to be used at all times.

To prevent water hammer on the pipelines, the valve must be opened and closed slowly. The Applicant is responsible for any damage to the pipelines due to water hammer.

Applicant is also responsible for any damage to the fire hydrant assembly or loss of the fire hydrant flow meter. In some cases the Water District may require the Applicant to install an Eddy Valve on discharge side of hydrant flow meter; this will be determined by the Water District.
